

RWS 2006 Proceedings Author's Guide
Final Manuscript Preparation Instructions

Welcome to the IEEE 2006 Radio and Wireless Symposium (RWS 2006) and thank you for choosing this venue to publish your work.

Each paper in the Proceedings of RWS 2006 will be published from a file uploaded by the author using the link to the RWS submission site. All manuscripts have to be received electronically in .pdf format and must be compatible with *IEEE Xplore*, as certified by *IEEE PDFeXpress* (for detailed instructions see: [PDF Instructions](#)).

The hard deadline for Final Manuscript submission is: 1 November 2005.

The **total length of your final manuscript must not exceed four pages**; longer papers will be truncated or excluded from the Proceedings. The **maximum final file size is 1.0 Mb**; larger files will be arbitrarily reduced.

Please note that IEEE certification of *Xplore* compatibility by *PDFeXpress* is required: to either convert your existing file to .pdf format or check your existing .pdf file, [log on](#) with password: "rws06" and incorporate all requested corrections *before* uploading your .pdf file to the RWS manuscript [submission site](#). In addition, your [Symposium Registration](#) number will be required and a separate [IEEE Copyright Form](#) has to be submitted for each final manuscript.

Manuscript Preparation

- Submitted files will be *printed in black-and-white (b&w)*; the CD and electronic uploading to *IEEE Xplore* can be in color. Therefore, please check your final manuscript for legibility in both b&w and color representations.
- Do not include page numbers; these (as well as the IEEE footers) will be inserted by the editors.
- *Please note that no additional content editing will be performed by the RWS editors.*

- Use two columns per page for your text (with 0.25" gutter between columns).
- Place Paper ID in boldface type, >12 point font (e.g. **TU1A-1**) in the upper right hand corner of the first page.
- Capitalize only initial letters in title and author information.
- Center title across the page in boldface type; skip one line between title and authors.
- Center all author name(s) below title; if required, reference affiliations with superscripts 1,2, ..
- Center all affiliation name(s) below all author name(s).
- Include phone, fax, and email for the corresponding author.
- Skip one line before Abstract and start your Abstract in the first column, use boldface type.

Manuscript File Preparation:

- Prepare your manuscript in any file format acceptable to *PDFeXpress*.
- Embed all figures and captions within the text.
- Ensure legibility; simplify all figures and tables and maintain uniformity of style throughout.
- Use [PDFeXpress](#) with password: "rws06" to create your final .pdf file and check both color and black & white representations.
- Maximum final manuscript length is 4 pages with .pdf file size less than 1.0 Megabytes.

Publication Release

Receipt of your manuscript by this Conference, together with the completed [IEEE Copyright Form](#), constitutes irrevocable release for open publication. Make sure you fill in title and authors and sign the copyright form. Do not send your manuscript if it is not fully cleared (see and check release statement on the Submission Site).
